

Master of Science in Engineering (MSE) Comprehensive Oral Exam Format

The MSE comprehensive oral exam will follow the standardized format listed below. The entire exam will last about 45-60 minutes.

1. Student PowerPoint presentation outlining:
 - Previous education: institution, major, special projects
 - Professional work experience
 - Courses taken as part of the MSE program
 - How the MSE program and curriculum will, or has, fit into career plans; practical applications
2. Committee questions for student covering courses and emphasis area

The student PowerPoint presentation should be about ten minutes long, or so. Let me know if you have any questions.
